THE PROGRAM

Real Money. Real World. is a Signature Program that makes a real difference. Data showed that the program made a dramatic difference in raising youths' awareness about the costs to maintain a household, as well as an awareness of the interrelationships of education, jobs, and money. If you're not currently offering this Signature Program, now is a great time to get started.

WHY BRANDED BOOTH SIGNS?

Branded signage is now available to you, to help build an integrated brand identity of the impact Extension is making on financial youth literacy. The materials from the simulation package are an efficient way to communicate value and make an impact when delivering the simulation portion of this program. You're doing your part to communicate the strength of this program and the impact it makes on youth, which is especially crucial during a time of constrained resources. Remember, each time this program is delivered, there is an opportunity to build our brand. By purchasing branded booth signs you're taking advantage of an opportunity to make a statewide impact and influence decision makers to recognize the relevance, importance, and value this program brings to Ohio's youth, both urban and rural.
